May 20, 1913.

Mr. J. E. White,
Marshall, Mich.

Dear Brother White:

Replying to your letter of the 15th. inst. we note what you say regarding your statement and the monthly royalty report. We are aware of the fact that the royalty report has not yet gone forward. As you know, nearly every one of importance around the place has gone to Conference and those of us who are left have had our hands strictly full so far this month. Besides this, in our office we have been one man short for over a week, so a few items of business have been delayed. However, we were surprised that you had not received your statement as all the statements went forward promptly on the first of the month. We have made duplicate of the same and take pleasure in enclosing it herewith. We hope to get off the royalty reports to-morrow, so trust that you will be patient with us just a little longer under the circumstances. The letter ^{you} enclosed has had our attention.

Yours very truly,

GHC-G
