

White, WC

Sanitarium, Cal., Feb. 2, 1914.

Elder J. A. White,  
Marshall, Mich.

Dear Brother Edson,---

I hold in my hand your letter of January 28, telling us of the demand made by our brethren in Washington that you close up quickly the work on "Past, Present and Future." You also tell us that Spaulding, Rogers, and Sister Osborne and yourself are doing vigorous work on "Lights and Shades." I am truly glad to hear this, and I rejoice to know that Emma is interested in it, and helps in filling out the sketch.

I am truly sorry that you are so heavily pressed with other work just at this time. I wish you would give yourself almost wholly to this history for a few days. Then when it is out of the way, concentrate your energies on P.P.&F.

I notice what you say regarding not being able to come to California till the last of February. I will endeavor to look up our appointments for general meetings, and if there is anything that might influence your movements, I will write again. Come whenever it is convenient, and you will receive a hearty welcome.

Your brother,

W. C. White
