Elder J. E. White,

Marshall, Mich.

Dear Brother Edson,---

Last Friday, Sabbath, and Sunday I spent in San Francisco and Mountain View, and Monday morning I found on my desk your letter of February 10, telling us that you hope to arrange your work so as to leave home February 22, spending Monday in Chicago, and then going on to Alamogordo, N.M., to visit Peter Rennings. I wish I could be with you the day that you spend with Rennings. We shall be very interested to hear about your visit with him, and about your plans for art work. Your next stop will naturally be at Loma Linda. If you come on a through train which does not stop at Loma Linda, you can stop off to advantage at Colton or Redlands Junction, and telephone for the Sanitarium auto, unless you prefer to walk or wait for a local train.

Anaheim is not far from Los Angeles, and if you cannot reach it readily on your way from Loma Linda, you will find easy connection from Los Angeles.

If you will notify me what day you intend to be at Pacific Press, I will endeavor to meet you there. I think we can help one another during the day we spend there.

If this letter reaches you before you leave home, I wish you would look up and bring along any correspondence you have in connection with the circumstances which led up to the correspondence with Elder Watson over the four hundred dollars which Palmer received from one of the Colorado churches. Some time soon I must write out an extended statement regarding that experience, and I desire if possible, to secure copy of the letter which Elder Watson

wrote to you, and also copy of what you wrote to Mother.

This morning I am writing to a woman in Omaha, who makes inquiry regarding the character of the work of Brother F. R. Rogers. I am writing to her about other matters, and shall tell her that I will endeavor to give some information regarding Brother Rogers' work later on. No doubt you can tell me about this on your arrival.

Our general meetings begin March 10, From then until the close of March I shall be very fully occupied; therefore I hope you will be able to be with us not later than the second or the third of March.

The other matters mentioned in your letter, and especially the Colcord interview, we will discuss on your arrival here.

Yours very truly,

W. C. White
