

Sanitarium, Calif. July 28. 1915.

Dear Brother Edson :-

During the night after the Sabbath, mother rested quietly, and we hoped for a good day yesterday. But 1.P.M. she had a hard time vomiting. There was nothing but mucus and bile, she had eaten nothing since Friday. Last night she rested quietly, and when I visited her at 10.A.M. she was sleeping. She takes less notice of what is said and done to her. She is given occasionally, Two Teaspoonfulls of albumen water. That is all since Friday.

There will be a funeral service here on the lawn, some day at 5.P.M. This will not be hurried. We shall give time for friends to come from as far as Los Angeles. A day or two after, there will be a service in Oakland. Elders Loughborough may take part here, and Elders Andros and Farnsworth, in Oakland. In Battle Creek, Elders Daniells and Haskell will unite in conducting the service.

I will ask you to take charge of the matter of having the grave prepared, and the securing of an undertaker, and securing conveyance.

As soon as you hear that either Daniells or Haskell are in B. C. please go and meet them, and render them any assistance you can. With this I send you copy of my letter just written to Eld. Daniells. You will forgive my expression of opinion that you have not done much with the newspaper men. I wanted him to confer with you, and know what you have done, and also to feel the burden of seeing that something is done by Burgan, and if it can be.

Do you think that Will Cornell will be willing to help in the reporting. If you have a chance, talk with him about it.

There are many things you will think of that I do not mention. Please speak to the authorities about the use of the Tabernacle and plan with the Choir re music.

When you hear we are coming, write me a letter care of Dr. Paulson. He will hand it to me in Chicago.

Your brother,

W. C. White
