

9u. 1876 - Oct 7.
Dear Willie Here we are waiting
to hear from California. I hope you
do not think I will start on a single
telegram of ten words. I hear from your
meeting as late as Monday from Sister
Jones. But I do not get one word
officially. Well we shall wait and hold
our. We cannot make plans for the future
or anything else till we hear from
you. May ^{be} I wait here to hear from
you before going home to get the mother
and sister ready to go to California.
If we do not hear in a week by letter
or telegram, we shall go into winter
quarters here. What can this delay
mean?
