W.C.W.,

The Signs has just come. Good. I hope Lawrence (?) Smith will not rush the Biblical Institute through and rush himself home. I want him to meet me in Colorado twenty-fifth of June. Dr. Kellogg will go with me.

I think you should be printing Tracts, and put slices in Signs.

Send me by mail copies of all my new books. I have not a copy.

I think you will do well to get your engine from Jackson, if you can wait as long. This one here is splendid.
