CONFESSION OF H.S. CASE

Dear Bro. White - I wish to say through the Review that I am convinced that I have erred through wrong views, and have not seen the importance of a careful use of means that has been put into my hands. I have done wrong in using the Lord's money as I should not have done. I have also erred in talking over the trials of my brethren and sisters where I should not. All other faults which I have been in, I do deeply regret, and humbly ask the forgiveness of all my brethren and sisters. I am resolved to do so no more, God helping me.

Your unworthy brother,

H.S. Case
