Dear Brother

In some research work a day or two ago, Elder White's secretary came across a paragraph which has a bearing on the question which you raised in your last letter that "human beings were a new and distinct order." We are giving here a paragraph so that you may have it for your study: --

"If parents in past generations had, with firmness of purpose, kept the body servant to the mind, and had not allowed the intellectual to be enslaved by animal passions, there would be in this age a different order of beings upon the earth. And if the mother, before the birth of her offspring, had always possessed self-control, realizing that she was giving the stamp of character to future generations, the present state of society would not be so depreciated in character as at the present time."--How to Live, No. 2, page 38.

It seems that this throws a bit of light on the other statement.

Very sincerely yours,

(Miss) Bessie Mount, Office Secretary
