Dear Elder Delafield,

Thank you for your reply to my last enquiry. I appreciate your help in locating the desired quotation.

Now I would ask again for your help. First, from my reading of Spirit of Prophecy Vol. 1 pp. 227, 309, and 313, it would appear that the rock which Moses struck at Meribah for the first time at the command of God, is the identical rock which Moses struck again (in disregard of God's command). Would this conclusion be a valid one?

Again, it has been said to me that E.G. White did once give advice to some particular individual to eat meat. Certainly this is not her general counsel to all, as she believed that diet was an individual matter. Is there any such statement on actual record?

Further, I think there is an E.G. White statement to the effect that almost fifty per cent of the angels were deceived by Satan, but I am not sure where this can be located. Do you have such a reference?

Yours sincerely,
