To the Ellen G. White Publications office

Several years ago I read in a book

BACK TO EDEN by Jethro Kloss.

Chapter one - Personal Experiences P.6.

That Ellen G. White cured herself of cancer  
by eating red clover blossoms. May I  
know where Mr. Kloss might have found  
his source?

The only cancerous condition I have  
read is in Spiritual Gifts Vol 2 - P 185-

I am a comparatively new SDA-  
baptized June 17, 1967. - Mrs White's works are  
a very real inspiration to me. Her writings  
especially on Jesus and His love answer to my  
own heart.

Do you still have available

May I have a copy?

Sincerely -
