6. You asked if the Armstrong paper, The Plain Truth is printed by the Pacific Press. The answer is no. We do not approve of the teachings of Mr. Armstrong. His connections go back to a group who withdrew from Seventh-day Adventists in the early 1860's, because of the Spirit of Prophecy counsels and because of church organization. For a time he belonged to this group and then branched out on his own. We have no connection with him and we do not issue his publications.
