'ASCENSION ROCK'

February 26, 1956

Dear

Sometimes ago Elder Rebok turned over to our office a letter from you, requesting information regarding the rock behind the William Miller Chapel, where it has been reported a group of Adventists awaited their Lord's return on that October day in 1844.

I am sorry that we cannot give you the information you seek. Elder White tells me that we have no way of verifying the story which has led us to call this rock "Ascension Rock." The story has been handed down from some source, it is true, but whether it has a basis in fact we cannot say.

Yours very sincerely,

Miss Bessie Mount, Office Secretary
