Dear Bro.

I write you to know about the things which I believe you can tell me of better than any one I know, after hearing your discussions on the Spirit of Prophecy and sister White's relation to the Lord in this matter.

I am at present in Madison, Wis. and as usual I visited the San. where some years ago, I did Chaplain's work for several yrs. when Dr. C. Lowell now in College view, was a faithful, tried & true physician there - together working with Dr. W. J. Lindsay & these were followed by Dr. Henry Vollmer also such a faithful loyal soldier of the Cross - Now we have here in

charge Dr. C. P. Farnsworth, who was with the Sanitarium when it was built and even before & who has been a dear friend always.

But I find that he operates the San. on a different Basis, namely advertises in papers here as non-Sectarian & meat is served 3 times a week. In talking with him about this he quoted Sr. White's steward as having told him in 1910 that he bot meat for ~~the~~ White regularly 3 times per week. And Dr. C. P. Farnsworth also showed me a lot of quotations to substantiate meat eating, that is, quotations that Edd <sup>R.A.</sup> Underwood had given him. In these there is a quotation from Vol 9 P 139 last par. This is

3.  
quoted "we are not to make the use  
of flesh food a test of fellowship."  
This is used to prove, among others  
like it, that it is even not scriptural  
etc to think we are not to use meat.  
Wm. & Joseph are quoted as  
meat eaters etc.

If you wish these quotations  
I think I can get them for  
you - I have the Extracts from  
letters concerning flesh eating.

headed, "animal flesh not to be prescribed  
by physicians in S. D. A. San-  
"Extracts from a letter written to Dr.

from Stanmore, Sydney, N.S.W. July 26  
1896

I would like to know, from you,  
if sr. White ate meat after  
writing as she has, in "Vol. 9," & also  
"Ministry of Healing"?

I know that you lived with  
her a long time & that you & wife

surely knew her life, & whether she would do such a contradictory thing as to write definitely of their practice to the contrary.

I would be so glad to hear from you soon.

Dr. C. P. Farnsworth prescribes meat even pork for his patients.

It seems to me surely we are in the last of the last days, if we had no other external evidences when we see pride & fashion & appetite governing & controlling hearts & lives of S. D. & C. What is the name of the pastor in Loma Linda. He has written the book 40 yrs in the wilderness & I've lost mine & would like another <sup>from</sup> sis in Christ

Mrs. Madison W. W. 126 W. 12th St. W. 126 W. 12th St. W.
