Brother

A minister is conducting  
Testimony studies in our Church  
in Boulder Colo. He informed  
me that he forgot to ask  
a question in his communication  
with you last week, so I  
am forwarding it to you hoping  
for a speedy reply by air mail.  
(postage included.) Following is question  
In the book Sons & Daughters of  
God, page 7 par. 1 what is  
meant by the expression, "Human  
beings were a new and distinct  
order." Did Sr White as well as  
the publishers wish to convey  
the thought that they, <sup>(Adam & Eve)</sup> were <sup>different</sup>  
than the created beings

on other worlds? The last paragraph on the same page might be understood to refer to this world only.

What was Sr. White speaking of in the two Review articles from which these two paragraphs were taken. Thanking you for a reply.

I remain,

Your brother in Christ.
