

C. & A. File No. 43-9-8

*Published Mrs. material*

Loma Linda, California

Sent form letter on slavery with the following P.S. attached to the letter :

P. S. The last item which you feel might have an application in Little Rock is not related in any way to anything Sister White has written. You state that you intend to publish some of these things. Let me advise against this. I would call your attention to the fact that Mrs. White left the responsibility of handling her unpublished writings in the hands of a Board of Trustees and statements which are drawn from these manuscript sources are not available for publication and to enter upon their publication is a violation of the author's copyright. This applies as well to the statements in this letter which are drawn from unpublished sources. A.L.W.
