Mrs. H. E. Herman
812 S. Main Street
Corona, Calif. 91720

Dear Sister Herman,--

It was a nice surprise to hear from you! Yes, I, too, was disappointed not to see you last June when I was in Southern California, but my time was limited and I was dependent upon my friends for transportation, so there were quite a few whom I did not see.

It is interesting to learn that you are a descendant of the Harmons. I remember Brother Fink well, but did not know that he was your brother.

Yes, we do have a book entitled Harmon Genealogy here in the White Publications vault. I spent quite a while this morning trying to locate the persons you name to determine what relation they are to Robert Harmon; but I am not skilled in reading these records. I am sure you would find it very interesting and could trace down a lot that I would not notice. I would suggest that you ask your public library in Corona to borrow this book for you from the Library of Congress--which any library can do--and then you can study it at your leisure. The flyleaf reads: The Harmon Genealogy, Comprising All Branches in New England. Compiled and Edited by Artemas C. Harmon, Washington, D. C. Printed by Gibson Bros., Inc., Washington, D. C., 1920.

It is wonderful that you and Dr. Herman are so well and able to do all you do. Careful health habits throughout life surely bring their reward! May the Lord preserve and keep and bless you both. Have a Happy New Year!

Ever your friend,
